DETAILED ACTION

Response to Arguments

1. Regarding Claims 30, 36, 39, 42 and 44-56, applicant's arguments filed 2/23/2006 have been fully considered but they are not persuasive. To one skilled in the art, the specification and the claims as originally filed do not disclose the "crystalline material". Therefore, examiner maintains the 35 USC 112, first paragraph, rejection.

Allowable Subject Matter

1. Claims 2-29, 31-34, 37, 38, 40, 41, 43, 58 and 60 allowed.

Claim Rejections - 35 USC § 112

2. Claims 30, 36, 39, 42 and 44-56 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Regarding Claims 30, 36, 39, 42 and 44-56, "crystalline material" is not described anywhere in the specification or in the claims as originally filed.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
